

# CEJN Thermal Management Hose

Liquid cooling technology uses water as the cooling medium to effectively lower processor temperatures in data centers. This hose is rated UL 94 V-0 for flame resistance and provides outstanding flexibility and kink protection. Its design allows it to navigate tight spaces with ease, helping streamline installation and maintenance.

Part Number	Inner Diameter		Outer Diameter	Minimum Bend Radius	Weight
	inch	mm	mm	mm	kg/m
19 900 9704	1/4	6.4	12	40	0.10
19 900 9706	3/8	9.5	16	50	0.16
19 900 9708	1/2	12.7	22	70	0.31
19 900 9710	5/8	16	25.2	85	0.40
19 900 9712	3/4	19	29.7	100	0.54
19 900 9716	1	25.4	36.5	130	0.73

- Tube:** Black EPDM, Peroxide-cured
- Certifications:** UL94 V-0 flame resistance rating
- Temperature range:** -40°C to +100°C (-40°F to +212°F)
- Working pressure:** 150 psi, 10.34 bar
- Burst pressure:** 600 psi, 42 bar
- Safety factor:** 4 : 1
- Reinforcement:** High tensile strength fiber braid
